

## Elflein and Simon Hegele Set up Joint Venture

**Bamberg, 16 February 2015** Elflein Spedition and Simon Hegele have founded a joint venture. Based in Bamberg, Elflein Hegele Logistik GmbH started to operate on 1 November 2014.

Elflein has particular expertise in the area of transport logistics for leading car manufacturers; Simon Hegele is very experienced in the areas of warehouse management and contract logistics. At its premises in Töging am Inn in Upper Bavaria, the new company is operating a 25,000 square metre spare parts stockholding warehouse for a leading car manufacturer in two shifts. At a second 15,000 square metre site in Neustadt an der Donau in Lower Bavaria, around 12,000 to 15,000 orders a day involving everything from goods received to storage, allocation, packaging and shipping are processed, again for the same customer. "This partnership represents a consolidation of expertise in automotive industry warehouse and logistics management," declared general manager Bernd Hülfenhaus.
