

Simon Hegele founds a new subsidiary in France

Further internationalization brings customer proximity and creates added value

Forchheim, 07/31/2020 - The Simon Hegele Gesellschaft für Logistik und Service mbH focuses on customer proximity and strengthens its healthcare business activities in France in order to respond to the increased customer demand.

The specially founded “Simon Hegele Healthcare Solutions France SARL” is based in Gonesse in the immediate vicinity of Paris-Charles de Gaulle airport.

In a first step, the service portfolio of the French company is geared towards the areas of "assembly and installation" of large medical systems.

„Our services are in demand worldwide," says Mike Winter, Managing Director of Simon Hegele Logistik und Service mbH. „France has played a major role in this for Simon Hegele and its customers for years. With our new subsidiary and the existing team of local technology experts, we will be able to meet special customer requirements for the assembly and installation of medical systems even better and faster in the future and further expand our business activities in the growth market of France.”

The expansion to France is therefore the logical consequence of the declared foreign strategy of the Simon Hegele Group and is based on the needs and sales markets of its international customers. The company is currently examining locations in other countries.

About the Simon Hegele Group

The Simon Hegele Group counts to one of the most innovative service providers along complex supply chain processes. The principle of "more than just logistics..." has been the engine for the further development of the company group and its services for about 100 years. At more than 50 locations worldwide, Simon Hegele offers customers from the healthcare, industrial, IT and retail sectors highly specialized value-added services tailored to the respective customer processes and supports them in adapting and focusing to and on their respective core competencies.
